### About the Club

<http://www.asciigroup.org/meetings> has directions to all three locations with maps.

ASCIi meets three times a month. Our focus is Windows, but covers a wide variety of interests such as digital photography, beginner's web design, office suites, games, and tips and how-to's.

The Central meeting is held the second Saturday of the month at 12:30p.m. The General Meeting starts with a basic Q&A session followed by brief club business, an open Q&A session, a site-seekers report (favorite websites), a buy-sell-or-trade session, a presentation, and closes with our door-prize drawing. During the AZacc season, this meeting will usually feature the AZacc presenter.

Preceding the General meeting, we have a Steering Committee meeting at 11:30 a.m. This is basically a board meeting. All current members in attendance at each meeting have the right to vote at the meeting.

We have a Westside meeting on the first Saturday of the month at 12:30 p.m. with the same format and focus as the Central meeting. The AZacc presenter is not scheduled for this meeting so we will often have presentations by members and local residents Kevin Svec (602-680-2870), the Westside coordinator, to verify meeting date and time.

We also have an Eastside meeting on the fourth Saturday of the month at 12:30 p.m. This meeting is a hands-on with question-and-answer format. It is usually an unstructured meeting and is perfect for bringing your computer to get help fixing whatever ails it. Both general meetings are open to the public. Please contact Bob Nixon (602-284-0547), the Eastside coordinator, to verify meeting date and time.
