About the Club

As a new community of 1650 homes, our club was restarted in Sept 2007.
 Most members use the Windows operating systems. We welcome all PC users and have several MAC members.
 Club membership is restricted to Corte Bella residents, however, guests are welcome anytime. Our meeting room includes a laptop computer for presentations (must be reserved in advance) with the meeting room equipped with projector, screen and sound system.

A typical meeting consists of a one hour presentation (Azacc speaker as available) with a follow-on one hour discussion and/or presentation of interest.

We hope to soon offer a second meeting monthly for technical problem discussions and tutorials ranging from basics of computer use through advanced topics.
