About the Club

The club meets the third Monday at 1:00 PM. We have a Q&A session followed by a presentation. If there is a presentation, we don't have a Q&A. We are a teaching club. We have two eight-week semesters in October - November and February - March. This semester we are teaching 15 classes per week and have 145 students enrolled, taking 224 classes, for PCs and Windows XP. We have a 24 student Macintosh group that meets monthly and has one computer. We can hold 30 people in the computer room, but we also have access to the Ballroom at the Mt. View Clubhouse. This holds 200 people.
