About the Club

Sunflower Computer Club meetings are held November through March weekly on Thursdays at 9:30 in the Ballroom at Sunflower RV Resort. The Ballroom holds 500. The Average Attendance number shown above is for first quarter meetings when the resort is full of snowbirds. Our meetings are limited to Sunflower Resort residents, unless prior arrangements have been made for guests. Please contact the Club President or Coordinator for guest arrangements. The first Thursday is a business meeting. SIGs and classes are scheduled throughout the week. We have a computer lab with 26 HP computers on a peer to peer network, running Windows Vista Business and using a T1 fractional line for Internet access. The entire office and meeting room area of the resort now has wireless internet access. We focus on "Users Helping Users" and demonstrate various programs. On site sales are permitted and there is plenty of room to set up a table for your products.
