About the Club

The Club meets every Friday at 9 a.m. (November-March). The first Fridays in January and February are business meetings. The AZacc speakers are scheduled for the 2nd Friday of each month (November-March). SuperCom is organized to promote interest in computers by providing training, instruction, demonstrations, seminars, procuring and maintaining equipment, and maintaining an area for such activities. We provide a forum for club members to exchange information and to solve computer-issue related problems. We seek to enhance skills of novice to intermediate users. Our meetings are open to the public.
