

AZacc Presenter – Ken Colby 3rd Week of November 2009

Green Screen Wizard

Computer people love technology. *Green Screen Wizard* is technology for your creativity.

This program that will let you take a photo of someone standing in front of a green screen and replace the green in the photo with any background you like. This has the effect of making it look like you've traveled anyplace you want in the world. A bride can have a photo in the beautiful lush Magnolia Gardens. Your kids can be standing on the Moon or flying through space. No need to go to Cancun if you would like to do some swimsuit modeling. You can model right in the studio and be on any beach you want.

In addition there are many special effects that you can create. You can turn an image into a silhouette with a sunset background. You can appear not only to be in front of some objects that actually in objects. You can make it look like someone is inside a globe or waterfall.

So come to the talk on Green Screen Wizard and learn how to have fun with your kids, create amazing photos and maybe even start a side business.
